

ABSTRACT

The present invention is related generally to the method of customizing personal checks. More specifically, a method is provided herein to alter a personal check in such a way as to add selective artistic customization. Preferably, the enhancements are done with
5 an ink stamp and colored pencils, or with adhesive stickers, wherein the user will be able to selectively alter the check. It is envisioned that the images will convey a mood, an emotion, a feeling, or represent an occasion, a cause, or a holiday.
